

PLAY-DOH WHEELS FALL 2019 PRODUCT COPY

PLAY-DOH WHEELS FIRE & WATER COMPOUND

(HASBRO/ Ages 3 years & up/Approx. Retail Price: \$4.99/ Available: Fall 2019)

Introducing new PLAY-DOH Buildin' compound! These construction-themed PLAY-DOH compounds feature rough 'n tough colors and visual textures that look just like different building materials. They make great add-ons to any PLAY-DOH WHEELS set (sold separately)! Includes one plastic shovel, one 8-oz can of Fire Buildin' Compound and one 8-oz can of Water Buildin' Compound. Available at most major retailers nationwide.

PLAY-DOH WHEELS FIRE TRUCK (E6103)

(Ages 3 years & up / Approx. Retail Price: \$19.99 / Available: Fall 2019)

Heroes use their imaginations! Create fire rescue missions again and again with the PLAY-DOH WHEELS FIRE TRUCK. Squishy, tactile PLAY-DOH Water Compound makes the rolling adventures even more fun. It's the same PLAY-DOH compound we all know and love, except with different swirls of blue to look like water! Use it in the water cannon on the fire truck to squeeze pretend water and extinguish PLAY-DOH fires. With four more standard-size 2-ounce PLAY-DOH cans, there are lots of other creations for aspiring firefighters to make. Squeeze a silly firehose from the back of the firetruck, and the molds on the side of the toy truck make PLAY-DOH fire, firefighter badges, and more! Kids can also practice cutting with the PLAY-DOH scissors. Includes fire truck playset with rail accessory, two accessories, one can of PLAY-DOH Water Buildin' Compound, and four cans of PLAY-DOH modeling compound.
