

Transformers: Bumblebee Cyberverse Adventures Epic 2-part Finale to Stream on Netflix in the U.S. beginning November 22

09 Nov, 2021

Autobots, roll out! Hasbro, Inc. and Entertainment One (eOne) announce the two-part series finale for the hit animated series, *Transformers: Bumblebee Cyberverse Adventures* on the official Global English TRANSFORMERS YouTube channel.

Transformers: Bumblebee Cyberverse Adventures concludes with an epic two-part special series finale. Megatron-X returns with plans to take over not only our universe, but all of the multi-verse. He has recruited Decepticons from every corner of the multi-verse and is coming directly for Bumblebee and the Autobots. However, Megatron X doesn't realize that when he came to our universe, a few stowaways... the last remaining Dinobots... came through with him to stop his destruction and restore peace to not only their world, but all worlds.

Watch the epic trailer [here](#).

The first part of the highly anticipated 44-minute final specials premiered for free globally* on the official [Global English TRANSFORMERS YouTube channel](#) November 6, and will begin streaming on Netflix in the U.S. beginning November 22. Part Two will release November 20 on YouTube and December 22 on Netflix. The series is rated TV-Y7.

The series welcomes back the Dinobots, including Grimlock, Slug, Sludge, Snarl and Swoop who return for the first time in over a decade in core kid entertainment. Ahead of the finale premiere, Hasbro has also released brand-new toys inspired by the *Transformers: Bumblebee Cyberverse Adventures* series: Dinobots Roll N'Change and new Dino combiners. Dinobots Roll N' Change Bumblebee and Optimus Prime (each sold separately) figures stand at 10 inches tall and seamlessly convert from vehicle to robot mode by simply rolling them forward. Watch them convert to robot mode in one continuous motion with the push-to-convert feature.

* North America and select territories
