Deadpool Creator and G.I. JOE Living Legend Collide on Epic Cover for All-Star Artist Finale of Snake Eyes: Deadgame

On July 7, 2021, **Rob Liefeld** will close out his run on the best-selling *G.I. JOE* title, *Snake Eyes: Deadgame*, from **Hasbro** and **IDW**! The fifth issue finale features an All-Star list of comic book legends providing inks and finishes to Rob's penciled art. Not satisfied with just putting together an All-Star team, Rob decided to round out the cast by adding legendary artist and creator **Kevin Eastman** (*TMNT*), **Ryan Ottley** (*Invincible*, *Amazing Spider-Man*), **Eric Canete** (*Justice League*), and **Karl Kersch** (*Deadpool*, *Superman*).

Not content with this unparalleled assemblage of All-Star talents, Liefeld wanted to take the event one step further. The *Deadpool* creator enlisted the Living Legend of *G.I. JOE: A Real American Hero*, **Larry Hama**. Rob will ink over Larry Hama's pencils for a special once-in-a-lifetime collectible cover event.

"I never dreamed the *Snake Eyes: Deadgame* finale would go out in such style, jamming alongside some of the greatest, most celebrated artists and creators in the history of comic books," says Liefeld. "It's been a dream come true, collaborating with my favorite artists in the business, past and present! The fans are in for something really special!"

"*Snake Eyes: Deadgame* has been a non-stop rollercoaster of action," says IDW Editor-in-Chief **John Barber**. "Rob's pulled out all the stops on this final issue, and I shouldn't have been surprised that he'd bring in Larry Hama — the guy responsible for the greatest *Snake Eyes* comics of all time — to collaborate on a cover!"

These artists join the already named list of All-Stars including **Neal Adams**, **Jerry Ordway**, **Whilce Portacio**, **Karl Kesel**, **Art Thibert**, **Philip Tan**, **Dan Panosian**, **Dan Fraga**, **Ed Piskor**, **Marat Mychaels**, **Jim Rugg**, **Tom Scioli**, **Cory Hamscher**, **Paul Scott**, **Karl Alstaetter**, and **Chance Wolf**.
