

Wizards of the Coast Sponsors DIGIPRIDE 2021

27 May, 2021

Wizards of the Coast has announced they will be sponsoring DIGIPRIDE 2021.

Starting in 2020, [DIGIPRIDE](#) launched in response to the cancellation of in-person Pride events and it has blossomed into a three-month long celebration of the LGBTQ+ gaming community.

Diversity and inclusion are in the DNA at Wizards, whether gamers are on an Adventure in the Forgotten Realms with their D&D party, vanquishing opponents on a quest to Mythic rank on *Magic: The Gathering Arena*, or itching to return to face to face competition at Friday Night Magic this summer, they want all players to feel welcome in their community, regardless of their gender identity or sexual orientation.

That's why they're partnering with the team at DIGIPRIDE 2021 and Gayming Magazine this year.

While the full lineup of Wizards of the Coast content will be revealed at a later date, you can find out more information about DIGIPRIDE 2021 [here](#).
