

Pass Some Time Inside and Take Part in the #NerfHouseChallenge

25 Mar, 2020

Join pro-athletes, influencers, and fans taking part in the #NerfHouseChallenge. Made to be shared online, the #NerfHouseChallenge puts your accuracy to the test. The goal of the challenge is to shoot your camera in the least amount of shots as possible after taking seven steps back.

Bored from staying indoors, professional football player Julian Edelman, through a partnership with NERF, created the challenge using the Nerf N-Strike Elite Delta Trooper blaster. [Click here](#) to watch his video on Instagram.

Fans have already begun to take on the challenge, so show off your skills and challenge some friends to see if they have what it takes! ...And don't forget to put on your eye wear!

Need a blaster to take on the challenge? You can find this week's featured blaster [here](#).
