

Celebrating our LGBTQ+ community this Pride Month.

04 Jun, 2024

At Hasbro and Wizards of the Coast, we build vibrant and inclusive communities through play. We create toys, games, and experiences that allow players of all backgrounds to connect with friends, explore their identities, and spark lasting memories. We're proud of the work we do – and we simply would not be the company we are today without our global LGBTQ+ community of fans, valued partners, and talented team members.

June marks Pride Month in many parts of the world: it's a time to reflect on and celebrate LGBTQ+ history and proudly show allyship. Hasbro's own history has been shaped and molded by many LGBTQ+ visionaries. That's why we're championing our LGBTQ+ community members in June and beyond, through activations, events, exclusive products, and meaningful partnerships.

It's important that all our team members feel valued, respected, and empowered to bring their authentic selves to work every single day – so that together, we can continue sparking joy and community for fans and families around the world.

Happy Pride!

Here are just some of the ways we're celebrating and supporting LGBTQ+ communities throughout June:

Partnering with The Trevor Project

We're building on our longtime partnership with [The Trevor Project](#), the leading suicide prevention and crisis intervention organization for LGBTQ+ young people. Throughout the month of June, a portion of sales from some of our exclusive Pride Month merchandise will be donated to The Trevor Project.
