

Listen: Hasbro's Theron Grim on Impact Podcast

16 Jan, 2025

Hasbro's Vice President of Global Environment, Health, Safety, and Sustainability, Theron Grim joined the Impact Podcast with John Shegerian. The podcast features conversations with some of the greatest business minds and thought leaders on the planet.

Hasbro's Global ESG and Sustainability programs have long been focused on building a safer, more sustainable, and inclusive company and world for all. On the Impact Podcast, Theron dives into how Hasbro is driving change through sustainability initiatives, including setting science-based emissions and supply chain targets, developing climate risk framework in accordance with TCFD, and emphasizing transparency in ESG performance.
