MONOPOLY GO! continues to break records.

21 Jan, 2026

In 2025, the hit mobile game surpassed $6 billion in lifetime in-app purchase revenue, making it the fastest mobile game in history to reach this milestone.

A powerful example of how the classic gameplay and playful villainy of **MONOPOLY** continue to resonate with millions of players worldwide — especially when reimagined for today's platforms.

Congratulations to our partners at **Scopely** on this incredible achievement and the continued success of *MONOPOLY GO!*
