

## **Hasbro and Wizards of the Coast Celebrate Pride Month Through Play, Community, and Partnership**

01 Jun, 2026

June 1 2026 -- At Hasbro and Wizards of the Coast, we believe the best adventures are built by diverse, collaborative teams: where everyone feels welcome, every role matters, and different perspectives make the magic stronger. Our commitment to inclusion is something we champion year-round.

Throughout Pride Month, we're proud to celebrate and support the LGBTQ+ community through special events and community partnerships designed to bring fans together through the power of play.

### ***Magic Presents: Pride Returns to Local Game Stores***

This June, *Magic Presents: Pride* is back at participating Wizards Play Network stores across North America.

From June 5–14, players can join special Commander events where every eligible commander has Partner, opening the door for creative pairings and unforgettable gameplay. These events are designed to be fun, welcoming, and community-focused celebrations of Pride through Magic: The Gathering.

Fans can visit their local game store to learn more and register to play: <https://locator.wizards.com/>

### ***Official Sponsor of Seattle Pride Events***

Wizards of the Coast is a proud sponsor of Seattle's Pride in the Park event. Join the celebration on June 6!

On June 28, Wizards of the Coast will proudly participate in the Seattle Pride Parade, joining thousands in a celebration of visibility, community, and solidarity.

### ***Celebrating Pride Across Hasbro***

Across Hasbro and Wizards of the Coast offices, our team members will come together throughout the month to celebrate Pride in meaningful and joyful ways. From Pride parties in Boston, Pawtucket, and Renton, to guest speakers, volunteer opportunities, local parade participation, and a Seattle-area Pride mixer event with our friends at Riot Games, teams across the company are helping create spaces of celebration, connection, and belonging.

These efforts are made possible through the passion and leadership of Hasbro and Wizards of the Coast's Pride Employee Resource Groups, whose work continues to foster inclusive communities across our business and beyond.

Happy Pride from all of us at Hasbro and Wizards of the Coast.
