

NERF LASER OPS PRO Fall 2018 Product

Up your game like never before with the all NEW NERF LASER OPS PRO line. Right out of the box (batteries not included) NERF LASER OPS PRO blasters are ready for head-to-head, live-action laser battles firing IR bursts with unlimited shots. The NERF LASER OPS PRO line launches with three blaster options each that register hits with light and sound effect while lights on the back of the blaster keep track of health and ammo. Kids can play in teams or in a free-for-all battle. Players can amp up their laser battles with the free NERF LASER OPS PRO app by using the included armband to attach their smartphone device to their arms while playing. Use the app to access real-time battle intel allowing players to customize their blasters, track their performance, earn power-ups, and locate opponents during battle. The NERF LASER OPS PRO app is available for select iOS and Android devices.

The Fall 2018 **NERF LASER OPS PRO** line includes:
